DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 7, 2007 has been entered.

Allowable Subject Matter

2. **Claims 1 – 49 (now respectively renumbered 1 – 7, 12 – 49, and 8 – 11)** are allowed.
3. The following is an Examiner's statement of reasons for allowance:

The closest prior art teaches a system and method of presenting images stored in a digital camera memory and the hierarchical directory structure of the digital camera memory on a remote display device such that a user of the remote display device may select an image in the directory for download to and permanent storage on the remote display device, wherein the images are stored in folders under a root directory such that a shell extension module and system object tree on the remote display device shows a real-time view of the directory/canister structure as produced and stored with the digital camera memory.

However, the closest prior art does not teach or fairly suggest classifying a plurality of images recorded in a recording medium under parameters that represent properties of the plurality of images, each image having a plurality of parameters associated therewith; producing

directories in which to register image files or file names of the classified images in each parameter associated with images; and registering file names as required for each image, wherein a file name for each image is registered under each directory for which any specific parameter applies to said image, said plurality of parameters associated with said image thereby allowing said image to be registered under a corresponding plurality of directories.

4. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
